2012

# AHA HEART SAVER CPR & AED TRAINING

*Sponsored by  
Medina County  
Schools' Educational  
Service Center*

**Medina County Schools'**

**Educational Service Center**

Sudden cardiac arrest (SCA) — or massive heart attack — as it is sometimes known, which kills 450,000 people in the U.S. alone each year, can strike anyone: your students, staff, a family member, or visitors. Even a seemingly healthy person can suffer cardiac arrest without warning. According to the American Heart Association (AHA), as many as 50% of SCA victims have no prior indication of heart disease — their first symptom is cardiac arrest.

CPR & AED training is provided by American Heart Association instructors. Course completion is three hours with hands-on training. Masks may be purchased after class for a minimal fee of \$5.00. Class includes instruction in choking for all ages, Cardio Pulmonary Resuscitation (CPR) and use of an Automated External Defibrillator (AED).

Good Samaritan laws and the Cardiac Arrest Survival Act passed in 2000, provides users with protection from liability. So what's stopping you — sign up today! If you are having a heart attack, don't you wish someone close by has taken the AHA CPR & AED training class?

## Dates

Wednesday February 29, 2012  
(4 pm –7 pm)

**Registration Deadline:**  
**Wednesday February 22, 2012**

or

Tuesday June 26, 2012  
(9 am –12 noon)
