1. **HEARTSAVER® FIRST AID, CPR, & AED**
2. **HEARTSAVER® CPR & AED**
3. **BASIC LIFE SUPPORT (BLS)**

All courses are available in either online or instructor-led class format.

## Training Courses Available:

**1. AHA Heartsaver® First Aid, CPR, & AED Course** provides first responders with training in basic first aid procedures—including the first aid skills recommended by OSHA—in a format that can be delivered in a single day.

This course covers: first aid basics, medical emergencies, injury emergencies, environmental emergencies, external bleeding, instruction in choking for all ages, Cardio Pulmonary Resuscitation (CPR), and use of an Automated External Defibrillator (AED).

**2. AHA Heartsaver® CPR & AED Course** is provided by American Heart Association instructors. Course completion is three hours with hands-on training. Masks may be purchased after class at a minimal fee of \$10. Class includes instruction in choking for all ages, Cardio Pulmonary Resuscitation (CPR), and use of an Automated External Defibrillator (AED).

**3. AHA Basic Life Support (BLS) Course** is designed to provide a wide variety of certified or non-certified, licensed or non-licensed healthcare professionals with the skills to keep people alive until they can be brought to a hospital or be treated with more advanced lifesaving measures.

This course covers: adult and pediatric CPR, two-rescuer scenarios and use of the bag-valve mask, foreign-body airway obstruction (conscious and unconscious), Automated External Defibrillation (includes child AED update), special resuscitation situations, other cardiopulmonary emergencies, stroke, and cardiac arrest.

*To hold an **instructor-led** class, a minimum of **six** people is required. Otherwise, the **online** option will be available.*
