## CRM GRANT AWARDS ANNOUNCED

Clinical Research Management (CRM) has long been a strong supporter of the Medina County Schools and has provided this grant since 2006. 2011 will make the 6th consecutive year for the CRM Science Grant, for a total so far of \$30,000.

On behalf of all the school districts, the Medina Schools' County Educational Service Center (MCSESC) would like to thank Vicki Tift, the president and founder of CRM. In a move designed to increase the number of applicants this year, the grant award was divided into two separate awards of \$2,500 each, instead of a single award of \$5,000.

The MCSESC has announced the two winners of the 2011-2012 CRM Grants for Science Teachers in Medina County. Applications were from the following schools:
