## 2012-13 School Year Begins with New Staff

Here at the Medina County Schools' ESC we would like to introduce our new employees and reintroduce employees who have taken on new positions.

First of all we would like to reintroduce Jacinda Yonker who is now our Director of Curriculum and Gifted Services. Jacinda was our Gifted/Talented Coordinator from Wadsworth City Schools. With Jacinda's move we have employed Pepper Bates as fulltime Coordinator for Wadsworth City Schools. On the same note, Dr. Dan Vincent Ph.D., will now be fulltime Director of Professional Development. We would also like to acknowledge the fact that Bonnie McNeely is now the Supervisor of Transportation Services and Mary K. Kastanis has moved to be the OGT Support at the Medina County Career Center.

Other recent staff changes have been in the Nursing Department, Special Needs Initiative, Technology, and Transportation. We would like to say "welcome aboard" and have a great year.

## Substitute Teacher Orientations Training Program

The training will be held on Tuesday, September 11, from 8:30 a.m. to 4:15 p.m., in the lower level Conference Room of the Professional Building in Medina at the Medina County Schools' Educational Service Center (MCSESC). This program prepares substitute teachers with the knowledge and skills needed to meet the goal of providing consistent delivery of quality instruction in a productive learning environment during the absence of a regular classroom teacher. The one-day class is fast-paced, interactive, and taught by highly qualified trainers who model the various techniques and strategies guest teachers are expected to use. Participants receive instruction in teaching strategies, classroom and behavior management, special education, legal issues, and professionalism. If you are interested in attending, please contact Jennifer Stallard at 330-723-6393 Ext. 127, while there are still space available.

## Medina County Schools' ESC Going Paperless

At the beginning year in-service, all employees have been instructed in the process of online timesheets and leave requests. In an effort to conserve time and monies the Medina County Schools' ESC has elected to go paperless with timeoff requests and timesheets.

Currently all substitute teachers employed by the MCSESC are currently using AESOPS to track employment requests. With the addition of Veritime, our office will more efficiently handle the timesheet process of including all timeoff and sick leave.
