of Medina County**
"Stepping Up to Excellence"

The Educational Service Center of Medina County will be the leader in providing services and products that promote excellence in education.

Dear Participants and Spectators:

On behalf of the ESC of Medina County Governing Board, I welcome you to the 63rd annual Medina County Solo and Ensemble Festival. This event is being coordinated by the ESC of Medina County and the music directors from the county school districts who are participating here today.

The Solo and Ensemble Festival provides participants with an opportunity to engage in friendly competition and serves as a warm-up for the regional contest. This festival should be used as a tool for performance improvement while garnering positive musical experiences for the young musicians of Medina County.

Because of their dedication to the arts and the many hours of practice they go through, I am proud of the students who participate in this event. Actually, the rating a student receives is insignificant. Of much more importance is for students to show that they can improve their skills and bring honor to themselves, their parents, and their music teachers. Therefore, in my opinion, each student who participates today is a winner.

I would like to thank the administration and Board of Education of the Buckeye Local School District for their cooperation in the use of their facilities for this festival. These types of events unite not only students but also school districts, board members, administrators, and citizens from all parts of our county. This truly strengthens the overall Fine Arts Program in Medina County.

It is my sincere desire that each participating student, parent, and music director benefits from today's activities. Keep up the good work!

Sincerely,

William J. Koran, Superintendent
ESC of Medina County

Z
